#### **Report of Independent Auditor**

The Board of Trustees General Commission on Archives and History of The United Methodist Church Madison, New Jersey

To Committee on Audit and Review General Council on Finance and Administration of The United Methodist Church Nashville, Tennessee

We have audited the accompanying financial statements of the General Commission on Archives and History of The United Methodist Church, which comprise the statements of financial position as of December 31, 2018 and 2017, the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the General Commission on Archives and History of The United Methodist Church as of December 31, 2018 and 2017, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

#### Note 1—Nature of the organization

The General Commission on Archives and History of The United Methodist Church (the "Commission") was established to gather, preserve, hold title to, and disseminate materials on the history of The United Methodist Church (the "Church").

Funding for the Commission's operations is principally provided by allocations received from the General Funds of The United Methodist Church which are administered by the General Council on Finance and Administration of The United Methodist Church ("GCFA") and allocated to the Commission based on a four-year budget developed from projections of expected program costs. The General Administrative Fund allocation accounts for 85% and 81% of the Commission's total revenue in 2018 and 2017, respectively. The Commission's continued existence is dependent upon the Church's future support. The Church's future support is dependent upon contributions from its congregations (i.e. congregational participation in the apportionment covenant).

#### Note 2—Summary of significant accounting policies

The financial statements have been prepared on the accrual basis of accounting. The Commission's significant accounting policies are described below.

Basis of Presentation – To ensure the observance of limitations and restrictions placed on the use of resources, the Commission maintains its accounts in accordance with the principles and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified into funds that are in accordance with activities or objectives of the Commission. Separate accounts are maintained for each fund.

For reporting purposes, however, the Commission's financial statements have been prepared to focus on the organization as a whole. Resources are classified into two net asset categories based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Commission and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Commission. These net assets may be used at the discretion of the Commission's management and the board of trustees. The Commission has chosen to provide further classification information about net assets without donor restrictions on the statements of financial position. The sub classifications are as follows:

*Invested in Property and Equipment* – Represents net assets invested in property and equipment, net of accumulated depreciation.

Board-Designated – Represents resources set aside by the board of trustees to be used for specific activities within guidelines established by the board.

*Undesignated* – Represents the cumulative net assets without donor restrictions excluding those net assets invested in property and equipment and designated for specific activities.

Net Assets with Donor Restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Commission or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

#### Note 2—Summary of significant accounting policies (continued)

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Revenue is reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restriction. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets are reported as reclassifications from net assets with donor restrictions to net assets without donor restrictions.

Services Received from Personnel of an Affiliate – Services received from personnel of an affiliate for which the affiliate does not charge the Commission have been measured at the cost recognized by the affiliate in providing those services. The revenue and expense relating to those services received are presented in Note 4 and totaled \$14,307 and \$32,535 for the years ended December 31, 2018 and 2017, respectively.

Use of Estimates – Management of the Commission has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts or revenue and expenses during the reporting period to prepare these financial statements in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

Financial Instruments – Assets recorded at fair value in the statements of financial position are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, are as follows:

Level 1 – Quoted prices in active markets that are accessible at the measurement date for identical securities.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly. Inputs include quoted prices for similar assets and liabilities in active markets, inputs that are derived from investment manager reporting or corroborated by an independent advisor, and inputs obtained with benchmarks for similar assets for substantially the full term on the financial investments. If market quotations are not readily available for valuations, assets may be valued by a method the investment manager of the fund believes accurately reflects fair value.

Level 3 – Prices or valuations that require using significant unobservable inputs in determining fair value. The inputs into the determination of fair value require significant judgment or estimation by the investment manager. The investment manager uses either the market approach, which generally consists of using comparable market transactions, or the income approach which generally consists of the net present value of estimated future cash flows, adjusted as appropriate for liquidity, credit, market, and/or other risk factors. The inputs used by the manager in estimating the value of Level 3 investments include the original transaction price.

#### Note 2—Summary of significant accounting policies (continued)

Due to/from GCFA Short-Term Pooled Investment Fund – The amounts presented as due to/from GCFA short-term pooled investment fund in the accompanying financial statements represent the Commission's portion of the short-term investment portfolio managed by GCFA on behalf of certain agencies and related organizations of the Church. The amount due from this fund effectively represents the amount of cash deposits that are available to the Commission to be disbursed out of GCFA's centralized cash management system. The amount due to this fund effectively represents the Commission's overdraft or borrowing position with GCFA. Since these deposits are legally invested in GCFA's name and not in a separate demand account in the Commission's name, they are not classified as cash and cash equivalents, but rather are considered an amount due from GCFA. The short-term investment portfolio includes funds invested in demand deposits, corporate bonds, taxable municipal bonds, mutual funds, and notes from other United Methodist organizations. GCFA allocates interest earned on the portfolio to the participating entities. For the years ended December 31, 2018 and 2017, GCFA allocated \$7,213 and \$18,225 of interest income, respectively, to the Commission. While interest income can be earned based on the performance of the pooled investment funds, the Commission believes there is little to no risk exposure to losses due to the relationship with GCFA and policy under which the pooled funds are invested. The operating cash requirements of the general agencies are centrally managed by GCFA.

When an agency has surplus funds, they are invested by GCFA in the short-term pooled investment fund. GCFA allocates interest earned to the agencies invested in the pool based upon their pro-rata share of the pool on a monthly basis. The overall return for the short-term pooled investment fund for the years ended December 31, 2018 and 2017 was 1.14% and 4.38%, respectively. The overall rate of return for each agency may vary due to fluctuating balances throughout the year and the timing of investment gains and losses. The allocation of funds in the short-term investment pool as of December 31, 2018 and 2017 were as follows:

|                                      | 2018   | 2017   |
|--------------------------------------|--------|--------|
| Texas Methodist Foundation loan fund | 19.5%  | 20.5%  |
| Mutual funds                         | 2.0%   | 2.5%   |
| Short-term collateralized loan fund  | 0.4%   | 0.4%   |
| Fixed income                         | 20.9%  | 9.0%   |
| Corporate bonds                      | 47.1%  | 47.0%  |
| Cash                                 | 10.1%  | 20.6%  |
|                                      | 100.0% | 100.0% |

*Inventory* – Inventory consists of historical markers to be sold to support activities of the Commission and is stated at cost.

Valuation of Historical Records and Materials – Historical records and materials are part of a library collection at Drew University and are not reflected in the accompanying financial statements due to the nature of the items. The Commission does not purchase or sell such items. Contributions of historical items are accepted by the Commission, but due to the fact that they are not revenue-producing assets, no contribution revenue is recognized at the date of gift.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

#### Note 2—Summary of significant accounting policies (continued)

Property and Equipment – Property and equipment, which consists primarily of computer and office equipment, are reported at cost at date of acquisition, or fair value at date of donation in the case of gifts. The Commission capitalizes assets with a cost greater than \$1,000. Depreciation is computed using the straight-line method with a modified half-year convention over the estimated useful lives of three to six years. The modified half-year convention treats property placed in service or retired during the first half of the year as being made on the first day of the year. Thus, a full-year's depreciation under this method is allowed on property placed in service in the first six months, and no depreciation is allowed on property placed in service in the second six months.

Income Taxes – The Commission is covered under GCFA's group determination letter from the Internal Revenue Service indicating that it is a nonprofit corporation and, except for taxes pertaining to unrelated business income, is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code (the "Code"). The Commission is also exempt from filing a form 990 due to its affiliation with a religious organization as described in Section 509(a) of the Code.

The Commission accounts for the effect of any uncertain tax positions based on a more likely than not threshold to the recognition of the tax positions being sustained based on the technical merits of the position under examination by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a cumulative probability assessment that aggregates the estimated tax liability for all uncertain tax positions. Tax positions for the Commission include, but are not limited to, the tax-exempt status and determination of whether income is subject to unrelated business income tax.

Contributions – Unconditional promises to give cash and other assets to the Commission are recognized as revenue at their fair value in the period the unconditional promises are received. Conditional promises to give are recognized at fair value when the conditions on which they depend are substantially met.

Contributions made, including unconditional promises to give, are recognized as expenses at their fair value in the periods made.

Functional Expenses – The costs of providing program and other activities have been summarized on a functional basis in the statements of activities.

Future Pronouncements – In February 2016, the FASB issued Accounting Standards Update ("ASU") 2016-02, Leases (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classifications affecting the pattern of expense recognition in the statement of activities. The new standard is effective for the year ending December 31, 2020. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available.

The FASB issued ASU 2018-08, Not-for-Profit Entities (Topic 958) – Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This ASU clarifies and improves the scope and the accounting guidance for contributions received and contributions made. This ASU is effective for the year ending December 31, 2019.

Management is currently in the process of evaluating the impact that these pronouncements will have on its financial statements.

| within one year   | \$   | 669,763   | \$<br>580,357 |  |

The Commission has assets limited to use for donor-restricted purposes. Additionally, certain other board-designated assets are designated for future capital expenditures and other specific purposes. These assets limited to use, which are more fully described in Notes 8, 9, and 10 are not available for general expenditure within the next year. However, the board-designated amounts could be made available, if necessary.

As part of the Commission's liquidity management plan, it structures its financial assets to be available as its obligations come due. Cash in excess of daily requirements are invested in GCFA's short-term pooled investment fund. This fund established by the board of directors may be drawn upon, if necessary, to meet unexpected liquidity needs.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

#### Note 5—Investments (continued)

The following is a summary of the primary funds in which the Commission's investments are held:

The United Methodist Church Foundation ("UMCF") – The UMCF fund is within the Balanced Fund. The objective of the Balanced Fund is to provide a reasonable level of current income and, simultaneously, to protect the purchasing power of the principal against inflation. The targeted allocation of the fund is 35% invested in a fixed income fund, 30% in a domestic large capitalization equity portfolio, 10% in a domestic small/mid-capitalization equity portfolio, and 25% in an international equity portfolio. This fund is designed for those investors who are seeking a single fund to provide broad diversification, reasonable current income, and protection against inflation.

The UMCF - Forman – The UMCF - Forman fund is within the Fixed Income Fund. The Fixed Income Fund's objective is to provide current income and preservation of nominal capital. No provision is made for protection against inflation. The fund is primarily invested in government and corporate bonds, commercial paper, mortgage-backed securities, and collateralized mortgage securities. The fund is permitted to invest up to 10% in securities with "BB" or "B" ratings. The fund may invest up to 5% of portfolio market value in bank loans, interest-only or principal only securities as conditions warrant. The fund is designed for investors whose main objective is current income.

The UMCF - A&H Endowment Fund – The UMCF - A&H Endowment Fund is within the Balanced Plus Fund. The Balanced Plus Fund's objective is to provide similar investment returns as the Balanced Fund, but to reduce the volatility of the returns by increased portfolio diversification through the use of alternative investment strategies. The targeted allocation of the fund is 30% invested in a fixed income fund, 25% in a domestic large cap equity portfolio, 10% in domestic small/mid-cap equity portfolios, 15% in an international equity portfolio, and 20% in alternative investments consisting of funds of hedge funds and managed futures portfolios. This fund is designed for those investors who are seeking a single fund to provide broad diversification, reasonable current income, and protection against inflation.

Wespath – Wespath Benefits and Investments ("Wespath") investment is within the Multiple Asset Fund. Wespath's Multiple Asset Fund is invested as follows: 34.8% in U.S. equity funds, 24.6% in fixed income funds, 30.3% in international equity funds, 9.9% in inflation protection funds, and 0.4% in cash.

Investment return, net consists of the following for the years ended December 31, 2018 and 2017:

|  | <br>2018       | 2017         |

#### Note 7—Employee benefits

Retirement Benefits – Full-time laypersons and clergy employed by the Commission participate in the Retirement Plan for General Agencies ("RPGA"). This defined contribution plan is administered by the Wespath.

The Commission makes semi-monthly contributions to each eligible employee's account held by Wespath based on 8% of annual employee compensation. Additionally, the Commission matches up to 2% of each employee's compensation to their United Methodist Personal Investment Plan ("UMPIP"). Total contributions made by the Commission for both components during 2018 and 2017 were \$52,221 and \$51,291, respectively.

Health, Life, and Other Employee Benefits – The Commission provides health, dental, life, and other employee benefits for its active employees and health, dental and life benefits to retirees through a group plan which qualifies for treatment as a multi-employer plan under Financial Accounting Standards Board ASC 715, Compensation-Retirement Benefits. Substantially all retired employees are eligible to participate in the Plan if they have attained normal retirement age while in the employment of the Commission.

The General Agencies of The United Methodist Church Benefit Plan (the "Plan") provides medical, dental, life, and long and short-term disability defined benefits to participants of 11 general agencies, all Bishops covered by the Episcopal Fund, and employees of other United Methodist related organizations. Effective January 1, 2004, Plan amendments were made to change the retiree benefits offered and increase the related premiums paid by retirees.

The Plan's unfunded accumulated postretirement benefit obligation was approximately \$94,500,000 and \$98,600,000 and the Plan's unfunded expected postretirement benefit obligation was approximately \$131,500,000 and \$148,700,000 as of December 31, 2018 and 2017, respectively.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

#### Note 7—Employee benefits (continued)

The cost of benefits is recognized as an expense as premiums are paid. The total cost of benefits for active employees was \$48,544 and \$41,804 in 2018 and 2017, respectively, and the cost of benefits for retired employees was \$15,126 and \$13,120 in 2018 and 2017, respectively, exclusive of reimbursement from the General Agency Benefit Trust ("Benefit Trust").

Wespath has transferred certain excess pension assets to the Benefit Trust established by the 1996 General Conference as of December 31, 1996. Annually, the Benefit Trust allows a stated percentage, 6% for 2018 and 2017, of the fair market value of Benefit Trust assets at year-end to be available for distribution in the subsequent year in order to reimburse the participating agencies, through GCFA, for their funding of active and retiree employee benefits. The fair value of the Benefit Trust's assets (not plan assets) was approximately \$146,625,000 and \$165,800,000 as of December 31, 2018 and 2017, respectively. The total amount available for reimbursement in 2018 and 2017 was \$9,948,300 and \$8,957,614, respectively, of which the Commission's share, excluding retiree health benefits, was \$61,180 and \$26,605, respectively.

#### Note 8—Board-designated net assets

Certain net assets without donor restrictions at December 31, 2018 and 2017 have been designated by the board of directors for the following purposes:

|                                   | 2018 |         |    | 2017    |  |  |

The board-designated quasi endowment was established by the board of trustees and its purpose and use are more fully described in Note 10.

From time to time, the board may designate other net assets without donor restrictions for specific purposes. The following are descriptions of each board designation:

Plant Fund – Funds set aside for maintenance of property, plant, and equipment.

Ethnic History Fund – The purpose of this fund is to grant research grants (awards) to individuals or organizations to promote excellence in research and writing in the history of the following four groups Asian, Black, Hispanic, and Native American in The United Methodist Church or its antecedents.

Women's History Fund – The purposes of this fund are to provide seed money for research projects or reward excellence in research and writing relating specifically to the history of women in The United Methodist Church or its antecedents. The grant money is not to be used for equipment, publication costs, or researcher salaries.

*Josephine Forman Fund* – To provide racial/ethnic scholarships in Archival Studies in order to attract racially and ethnically diverse individuals to pursue professional careers in archival studies.

| Total net assets with donor restrictions       | \$   | 261,522 | \$   | 231,639 |

Net assets with donor restrictions for the years ended December 31, 2018 and 2017 were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors.

#### Note 10—Endowments

The Commission has established the A&H Endowment Fund with donor funds solely for the charitable purposes of the Church, with its principal objectives being the promotion and development of religious, charitable, and educational activities that benefit mission and ministry of the Commission. These funds are held in a separate investment account at The UMC Foundation.

The Board of Trustees of the Commission has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Commission classifies as donor-restricted net assets (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Commission in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with applicable state laws, the Commission considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Commission
- The investment policies of the Commission

| Endowment net assets, December 31, 2017   | \$                            | 28,161                        | \$                         | 205,446                    | \$    | 233,607 |  |

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Commission has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. At December 31, 2018 and 2017, the Commission had no underwater endowments.

Investment and Spending Policies – The Commission may choose to make distributions of the income to any proper recipient, including the Commission itself. Distributions may only be made after the corpus of the endowment has reached \$50,000 with the exception of special approval by the Board of Trustees to distribute earnings prior to reaching \$50,000. Distributions from the endowment will follow the distribution policy of The United Methodist Church, which is based on a policy of total long-term return of 6.5%. The following percentages may be used to guide the Commission's distribution policy: 3.5% for Ministry distributions; 2.0% for inflation; and 1.0% for fees and expenses. To smooth the allowable annual distributions based on valuation of the underlying assets, the Commission uses a five-year moving average of quarterly portfolio values. The moving average is determined for the five-year period immediately preceding the fiscal year in which the funds are to be spent.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

#### Note 10—Endowments (continued)

Return Objectives and Risk Parameters – The Commission has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Commission must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by The Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that provide for the preservation of capital and income for support of programs while assuming a moderate level of investment risk. The Commission expects its endowment funds, over time, to produce current income within the total return strategy. Actual returns may vary.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, the Commission relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Commission targets a diversified asset allocation that places a greater emphasis on corporate bonds and equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Changes in endowment net assets for the years ended December 31, 2018 and 2017 are as follows:

#### **Note 11—Commitments**

The Commission leases office and library space from Drew University under an operating lease which will expire in December 2020. The Commission also has an agreement with Drew University to provide library services through December 2020. The pro rata share of building maintenance was \$170,516 for each of the years ended December 31, 2018 and 2017. The pro rata share of library expenses for each of the years ended December 31, 2018 and 2017 was \$50,831. Future building maintenance and library service commitments are \$170,516 and \$50,831 per year, respectively, through the year ending December 31, 2020.

#### Note 12—Subsequent events

Management has evaluated subsequent events through May 17, 2019, the date the financial statements were available for issuance, and has determined that there are no subsequent events requiring disclosure.
